Retired Generals Seize Algiers; Bloodless Coup Jolts President De Gaulle

By JEAN PAILLARDIN

ALGIERS (AP)—A military junta of retired generals backed by tough paratroopers seized power in Algiers in defiance of President Charles de Gaulle today and claimed control over the vast territory.

The bloodless coup was carried out between midnight and dawn. It sent a chill running through metropolitan France and caused consternation in Tunisia where the Algerian nationalists who have been in revolt against France for almost seven years were preparing for peace talks.

It was not immediately clear how tight a hold the insurgents had on Algeria and De Gaulle sent one of his top lieutenants, Algerian Affairs Minister Louis Joxe, by jet plane from Paris to find out.

CLAIM LEADERSHIP

The insurgent leaders took over the government buildings of Algiers and in a broadcast over Algiers Radio claimed leadership

4,000 Persons At Open House Of High School

More than 4,000 persons were guests at the new \$2,035,000 Lower Adams Joint (New Oxford) High School open house Friday. Approximately 500 persons attended the dedicatory services held Friday evening in the auditorium.

Supervising Principal Charles C. Taylor presided. Greetings were given by Clyde O. Garber, president of the school board, and Clarence P. Keefer, Adams County superintendent of schools, spoke briefly.

Dr. D. L. Biemesderfer, president of Millersville State College, said, "We can't help being impressed with the building and the people and their cordiality. This is certainly a proper time for commendation and congratulations for the board of directors, the audience, parents and the people in the community."

"All of you have a right to feel happy and be pleased at the conclusion of this enterprise."

COMMENDS COMMUNITY

"We see something here, something more than just a roof, it is more visible than that. It is a revitalized program for the community. Someone must have known that the curriculum for the youngsters was no longer enough. They had to think in terms of what the future would have to offer and how the school would prepare them for the future."

"This takes clairvoyance," he said, "and there is ample evidence of that in every part of this building to convince the people that they saw beyond the immediate."

He commended the board for its courage "because I am sure they received a good deal of unjust criticism. To float a two-million-dollar bond issue and accept the responsibility of having to invest it is by no means an (Continued On Page 3)

Havana Rocks With Fear As Jails Bulge With Prisoners

By THE ASSOCIATED PRESS

Havana was described as a city of fear and suspicion today in a dispatch from the Cuban capital. A new wave of arrests there reached into almost every family. Suspects jammed into swollen jails. Living conditions were described as growing worse.

The government radio network said Prime Minister Fidel Castro, unseen in public for almost a week, was personally directing mop-up operations in the interior against the surviving rebel invaders who are trying to overthrow his pro-Communist regime.

A Havana television station Friday night prepared the people for big "Castro Day" victory celebrations with a five-hour live interview of prisoners the government claims it captured during the abortive invasion by Cuban exiles.

SEIZE LEADER'S SON

One prisoner was Jose Miro Torres, son of the top Cuban rebel leader Jose Miro Cardona.

MECO MUST STAND TRIAL FOR DAMAGES

The Metropolitan Edison Co. will have to stand trial in the trespass action brought by the widow of a Baltimore workman against contractors, the electric company and Gettysburg College, in the death of her husband while working on the roof of the new dining hall at the college here in 1957.

The decision took the form of overruling the preliminary objections of the power company to its being included as a defendant in the suit.

The actions stems from the death of Gilbert Wood, Baltimore, an employee of John H. Hampshire, Inc., a subcontractor of A. B. Seifert and Son in the construction of the dining hall. Wood with another workman was working on the roof when a rod used in the work allegedly came in contact with power lines of Metropolitan Edison, and Wood was hurled to the ground and death followed.

In its opinion handed down today on the preliminary objections of the power company, which held it should not be a defendant, the court held that for purposes of the demurrer all statements given in the complaints must be considered as true, pending the decision of a jury, and that under the facts as presented, subject to decision of truth by the jury, the light company would have a responsibility in the matter. It was alleged that no warning was given by the power company that the lines near the building were uninsulated, high tension lines and that the light company should have known that the work might involve such action as would cause a danger to workmen if articles used touched the power line.

TRIAL ON MAY 1

Trial in the action brought in Middle District Court by Alton and Hallie Snyder, Fairfield R. D. against the U. S., Pennsylvania, Adams County court and various other defendants, is scheduled to begin in the district court at the post office building in Harrisburg May 1, according to notice sent Snyder.

Kennedy And Eisenhower Discuss Big Issues At Camp David Lunch Today

By JOHN M. HIGHTOWER

WASHINGTON (AP)—President Kennedy meets with former President Dwight D. Eisenhower today in an evident bid to rally strong national support for critical steps which he may consider necessary to deal with the increasingly dangerous Cuban crisis.

A White House announcement of the session at Camp David, Md., emphasized Cuba as the topic for the conference. But it did not rule out the prospect that Kennedy could discuss with his predecessor a broad range of intensifying cold war conflicts with the Soviet Union.

Before flying to Camp David by helicopter Kennedy met with the National Security Council, presumably to discuss possible future moves against the pro-Communist government of Cuba in the wake of this week's abortive anti-Castro invasion.

WILL STUDY DEFEAT

In the midst of these developments, the President was reported to have ordered a thorough study of reasons for the defeat of the rebel invasion attempt which began last weekend with the United States' moral support—and it was generally believed here, with some backing of U. S. money and arms.

The President was understood to be concerned about what some authorities called a failure to calculate accurately in advance the strength of Prime Minister Fidel Castro's military reaction to the rebel assault as well as possible errors in intelligence.

White House news secretary Pierre Salinger disclosed Friday night that Kennedy and Eisenhower would meet at Camp David, the Catoclin Mountain retreat near Gettysburg, Pa., which Eisenhower used for conferences with foreign leaders.

Dr. Bennett is coming to Gettysburg under the sponsorship of the psychology department of the college and his visit is made possible through a program of the American Psychological Association for bringing outstanding psychologists as visiting lecturers in the smaller colleges of the country.

While here Dr. Bennett will speak to several of the psychological classes and hold conferences with individual students informing them of opportunities in the field of psychological testing for college graduates.

Amish Families Move To Canada

WOOSTER, Ohio (AP)—Seven Amish families in this area have moved to Canada because farm land is cheaper there and they will escape conflict with laws on schools, social security, and military draft.

About 50 persons made the migration early this month to Owen Sound, an Ontario community about 100 miles northwest of Toronto. There they joined an Amish settlement of 19 families.

Moving their families were Levi L. Shetler Sr., 60, of northern Holmes County; his five sons and a son-in-law.

They sold their land and most of their farm equipment and livestock at public auction and loaded the rest of their belongings in two railroad box cars for shipment to Canada. The families left by train from Millersburg at midnight April 4.

The Shetler clan refused to discuss the move with newsmen, but Rudy S. Yoder of Navarre, an Amish member of the same church the families attended, explained:

"The families are going primarily because land is getting scarce and prices for it are high here. But the school conflict and problems with social security and military training also enter into it."

AMERICAN HELD IN NAZI CAMP TO CELEBRATE 80TH BIRTHDAY

By JOY MILLER
AP Women's Editor

NEW YORK (AP)—On Monday sad-eyed Gemma La Guardia Glueck will be 80.

For the only sister of Fiorello La Guardia, fiery little former mayor of New York, it will be something of a triumph.

At least once in her life she was sure she would not live to see the next morning. That was in 1945 when she was condemned to the gas chamber at Ravensbrück concentration camp.

But Mrs. Glueck, who was probably the only American held there as a political hostage of Adolf Eichmann, was spared at the last minute from fear of reprisals against Germans in New York.

FRIENDS HELP CELEBRATE

Others who survived the notorious camp will be here tonight—they can only come on the weekend—to help Mutti celebrate her birthday.

Mutti, or mother, is what the camp prisoners called Mrs. Glueck, who secretly taught them English. "If I had been caught I would have been sent to the punishment block. They whipped you there."

In gratitude, her pupils stole sheets of paper, bound them into a book with a fine handkerchief a girl had managed to keep and inscribed it to her with their names.

It is a prized possession of Mrs. Glueck, now partially paralyzed from a stroke and living with her older daughter in Queens.

MOTHER WAS JEWISH

It was after a particularly passionate speech by Fiorello that Mrs. Glueck was arrested at her home in Budapest, June 7, 1944.

Her mother was Jewish, but she had always been an Episcopalian. And although her husband, Hermann, a bank official, was an Hungarian Jew, he was not arrested until he insisted upon going with her.

They were taken to Mauthausen extermination camp, where her husband died. She was sent on to Ravensbrück, and later her older daughter and baby son were also taken there.

Because of her brother, she was told, she was made a special prisoner, in an elite block where she had a bed to herself and didn't have to work 12 hours a day like the others. The food was mostly turnips and black bread.

WROTE MEMOIR

Mrs. Glueck saw all she could and remembered. Later she wrote a 90-page memoir, which, although she had never heard of Eichmann until his capture, is one of the documents at his trial.

It happened this way: Israeli authorities preparing for the trial uncovered a memorandum to Eichmann from the German foreign office dated the day before her arrest, suggesting she be held "for eventual political use."

The Israelis assumed she had died at Ravensbrück, but Samuel L. Schneiderman, a writer who saw the memorandum, returned to New York. Through Fiorello La Guardia's widow he found Mrs. Glueck. She told him about the memoir, and he notified Israeli officials. Now he's helping her expand it to book length for publication this year.

Plead Innocent To Assault On Athlete

PHILADELPHIA (AP)—Pleas of innocent have been entered by three policemen accused of assaulting E. Newbold Smith, a former star athlete at the Naval Academy.

Police Chief Frank H. Elliott of Thornbury Township and Patrolmen Harry Saltzman and Gordon W. Smith of West Chester entered their pleas Friday in U. S. District Court.

Smith, 32, who lives in Paoli, brought the assault charges on the ground his constitutional rights were violated after he was stopped for a traffic violation last Aug. 8 in West Chester.

Last January, he was convicted in Chester County Court of assaulting Elliott, but he was acquitted of assaulting the patrolmen.

John Patrick Rohan had an enviable record as freshman coach at N.Y.U. last season. His

"QUIET CHURCHYARD"

Resting in a quiet churchyard...neath an awning of oak trees...I was held in blessed silence...and my heart was put at ease...all alone save for a spirit...unseen as the scented air...but I knew beyond all knowing...that the Lord was standing there...I reached out to touch His garment...and my hand caressed a rose...flower representing true love...silken petals were His clothes...on the wonder of that moment...never will I once forget...for the miracle I witnessed...fingers with this mortal yet...resting in a quiet churchyard...I found faith and hope anew...take my hand, oh Lord, and guide me...on the road I must pursue.

De Gaulle back to power.

Salan recently has exiled himself in Spain. It was not believed that he had arrived on Algerian soil but he was expected momentarily.

The rebel communique said, "The powers held by the civil authorities have entirely passed to military authorities."

French officers who have fought the Algerian nationalists in the 6½-year rebellion have been among the bitterest opponents of De Gaulle's self-determination policy for Algeria.

OTHERS IN COUP

Other generals who joined the revolt were Air Force Gen. Edmond Jouhaud and Army Gen. Henri Zeller.

After the communique, Algiers Radio said, "The individuals having participated directly in the attempt to abandon Algeria and the Sahara will be placed under arrest and brought before a military tribunal."

The radio declared a "state of siege" in Algeria but promised that all "fundamental liberties and guarantees assured by the constitution are entirely maintained."

The first reaction among Europeans in the city was one of elation. Cars streamed through the streets blasting their horns in the three-to four cadence that means "Algerie, Francaise (Algeria is French)."

How many coups were involved in the sudden coup was unknown. Nor was it clear yet whether the army claim to control of all Algeria was true.

There was no violence in the pre-dawn military rising.

FRESHMAN IS CONVICTED OF KILLING BOY

NORRISTOWN, Pa. (AP)—A 20-year-old former college freshman has been convicted of second degree murder for shooting a teenager who was picnicking with his friends at a park last Memorial Day.

The verdict was reached Friday night by a jury of six men and six women at the second trial of Arthur G. Nichol. The jurors deliberated 8½ hours. At the first trial, the jury spent seven days trying to reach a verdict, but was unable to do so.

Nichol, who lives in Elkins Park, a suburb of Philadelphia, remained calm when he heard the verdict, but he broke down while arrangements were being made to release him on \$10,000 bail. His parents provided the bail.

The youth had been free on \$5,000 bail and the prosecution agreed to let him remain free, at double the amount, while a motion is made for a new trial.

SAYS WAS NOT FORCED

Judge David E. Groshens of the Montgomery County Court deferred sentencing.

Nichol was a student at the Pennsylvania State University Campus in Ogotz when the shooting took place at Tookany Creek Park in Cheltenham Township.

According to testimony, Nichol exchanged words with Philip Curci, 18, of Philadelphia—the victim—and Curci's friends when he drove by the park on his way to a friends home.

Shortly afterward, he was testified, he drove by again, with his friend in the car, and a fight began. Nichol said he fired in self defense. The commonwealth, however, said that he was not forced to get out of the car. The friend did not get out.

The commonwealth sought a first degree murder verdict at the first trial. But this time Dist. Atty. Harold W. Spencer left the degree of guilt to the jury.

FITNESS PROGRAM

Rev. Bob Richards of Olympic pole vaulting fame and Jess Owens, also a former Olympic star, were Chicago convention speakers who urged the CFDA merchants to help promote physical fitness programs in their communities. The convention adopted a resolution calling on all 106 member food houses to ask retail groups to adopt the fitness program.

The 106 member warehouses represented at the convention, all retail owned food distribution centers, sold \$2 billion in merchandise to their 25,000 retailer members last year, representing 20 per cent of all food sales.

Salingar said Kennedy wanted to bring Eisenhower up to date on the Cuban situation, believing that "as leader of the Republic can party and as former president he should know what the situation is."

Salingar also disclosed that Kennedy had been in indirect contact with Gov. Nelson A. Rockefeller of New York, another Republican leader, and that he had conferred Friday with Sen. Barry Goldwater, R-Ariz.

Solves Horse And Buggy Ticket Issue

CROWLEY, La. (AP)—City patrolman Joe Leleux quickly solved a multiple problem when he had to issue a ticket to a horse and buggy parked at a Main street parking meter.

The buggy, owned by Albert Carmouche, had no windshield wiper so Leleux pinned the ticket to the harness. There was no license plate but the officer merely recorded the brand on the horse.

Other committees are headed by the leaders of the Cashtown, Hunt Avenue, Butler Township, Heidlersburg and Mt. Joy Clubs.

Mrs. Tunison said the aim is to focus attention on the contribution the local leaders made in extending homemaking knowledge and skills to others, to inform people of the unique contribution the extension service is making to the economic and social development in the country and to acquaint homemakers with the resources available through the land grant college, Penn State University, to conduct research and relate information to the needs of people.

RECALL STEEL WORKERS

SHARON, Pa. (AP)—Some 250 furloughed workers are being recalled to jobs at Sharon Steel Corp.'s Roemer Works in nearby Farrell, the firm said Thursday.

Sue U. S. For Atomic Fallout Damages

CHEYENNE, Wyo. (AP)—Death and misery came to the Preston Mitchell Ranch in slow stages two years ago.

Many of his sheep became sick and died. Others staggered drunkenly around the rolling hill country of the Wyoming-South Dakota border area. In all, 127 of the animals died. The Mitchells sold 327 others.

Then Mitchell, his wife Laura and their six children also were afflicted with a strange malady. Their hair fell out. They became violently ill, apparently without cause.

These claims and others were made Friday in a U. S. District Court suit in which attorneys for the Alladin, Wyo., family ask \$994,461 in damages from the federal government.

The suit claims the agonies are the result of radiation poisoning. Without detailing the claim, attorneys for the family say that negligent handling of radioactive material by Atomic Energy Commission personnel caused a radioactive follow on the Mitchell Ranch on April 17, 1959.

"In conclusion, on behalf of the faculty and staff, I want to express to you, and to Mrs. Paul as well, our heartfelt appreciation of your work here. We hope your interest in Gettysburg College may still be put to use in one capacity or another for its benefit. We hope the energies which you still possess as you retire once again will find an outlet in an even further measure of service to the community and to the public. May God bless you!"

EISENHOWER SPEAKS
Former President and Mrs. Dwight D. Eisenhower were introduced by Dr. Smoke. President Eisenhower spoke briefly briefly. In paying tribute to his former personnel chief during World War II he said: "He and I have been friends for many years and served together for decades in the Army. It is truly a privilege to join in a tribute to him."

In accepting the scholarship in his name, General Paul said: "I thank you from the bottom of my heart for this touching tribute." Adding to the endowment was one of the great needs of the college he declared.

General Paul expressed his thanks to the board of trustees for the splendid support given to him and to the faculty for carrying on their work so excellently.

TRIBUTE FROM RICE

Referring to the former Chief Executive, General Paul said: "If he had not recommended me I probably would not have been elected president of the college."

Dr. Smoke read a letter of tribute from Ambassador John S. Rice and chairman of the board of trustees, who was unable to attend expressing thanks and appreciation to General Paul for the fine service he has rendered to Gettysburg College.

Dr. Harold A. Dunkelberger offered the invocation. Dinner music was furnished by a string orchestra composed of students under direction of Prof. Douglas Danfelt.

At the speaker's table were General and Mrs. Paul, General and Mrs. Eisenhower, Mr. and Mrs. John A. Apple, Dr. and Mrs. Kenneth L. Smoke, Dean and Charles H. Glatfelter and Dr. and Mrs. Harold Dunkelberger.

BOOKS FACING VERY STRONG COMPETITION

LIBRARIES CAN COMPETE

By Mrs. W. R. Schubart
"The book, popularized in the 19th century, finds itself in the 20th century with lusty competitors for public interest, the commercial mass media," says Prof. John William Albigh in an article called "The Library's Competition." The mass media he refers to are paperback books, periodicals, motion pictures, radio and television.

Prof. Albigh has recently returned to Gettysburg College, his alma mater, after a teaching and writing career at the University of Illinois. As a student of the American scene and author of the definitive volume "Public Opinion," he is well qualified to assess the various means of communication.

"Mass audiences have determined much of the content of those widening streams of communication," he says, "resulting in standardized mass culture." Paperback books, the majority of which are not of high content quality, were selling in 1959 at the rate of 315 million per year. Magazines reach an even greater audience by producing four billion copies per year, or 25 per capita in the United States. Magazines primarily champion the conventional virtues, promote things rather than ideas, stress the personal and the intimate and, like other mass media, try to please the many.

MOVIE COMPETITION

Movies provide some competition for an individual's reading time, although the motion picture has had to bow to TV. Radio and TV are the principal consumers of American leisure hours. While TV does tend to arouse interest in books on science, biography and public affairs, in general, TV programs are controlled by commercial interests who yield to the mass tastes of wide audiences in order to sell their products.

There are several antidotes, Prof. Albigh says. Rather than bewail their competition, librarians should appeal to special groups, such as the newcomers to a community, or foster the interests of people with an increasing number of free hours, like industrial workers, and the elders. Particularly can libraries engage minds seeking unique knowledge "in the wealth of ideas, the thousands and millions of thoughts in the pages of all the books."

"A truly exciting life is based on high sensitivity, broad interests, diversity of knowledge, reaching beyond the standardized, the general, the broad conformities."

TALKS MONDAY AT ST. JOSEPH

Dr. William Theodore DeBary, professor of Chinese and Japanese history at Columbia University, New York City, will deliver the second non-western studies lecture at St. Joseph College, Emmitsburg, Monday. The DeBary lecture is part of a program of preparation for the non-western studies project undertaken by seven colleges in Maryland and Pennsylvania.

Born in the Bronx, N. Y., Prof. DeBary received his A.B. degree from Columbia University and continued his studies there for his A.M. degree and his Ph.D. in Chinese history. An instructor at Columbia University since 1949, he is an authority on Chinese and Japanese intellectual history of the 16th to 19th centuries. Formerly a lieutenant commander in the U.S. Naval Reserve, he is the author of several works on Asian history, including "Introduction to Oriental Civilizations."

Prof. DeBary will visit all of the colleges interested in the non-western studies project, including Gettysburg, Hood, Wilson, Dickinson, Western Maryland, Mt. St. Mary's and Saint Joseph College.

Argentina And Brazil To Fight Red Penetration

URUGUAIANA, Brazil (AP)—Brazil and Argentina pledged themselves Friday night to fight Communist penetration in the Western Hemisphere and backed President Kennedy's "Alliance for Progress" program for Latin America.

In a historic move, Presidents Janio Quadros of Brazil and Arturo Frondizi of Argentina also agreed to consult each other permanently on all common matters and to coordinate all their actions within the continent. It is the first time in history South America's two biggest nations have joined in such close cooperation, one veteran diplomat said.

The leaders ended a two-day conference here by issuing four documents: a declaration of principles, amounting to a firm stand against Communist penetration into Latin America; the convention on friendship and permanent consultation; and two declarations dealing with economic and cultural matters.

Perry Como's Mother Expires

CANONSBURG, Pa. (AP)—The mother of singing star Perry Como is dead.

Mrs. Lucia Como, 78, died Friday at the home of a daughter, Mrs. Venzie Jakubetz of Canonsburg.

Como, in New York for rehearsal for his television show, was notified of his mother's death by phone.

Mrs. Jakubetz said a combination of pneumonia and a heart condition caused Mrs. Como's death. She had been bedfast since suffering a heart attack five weeks ago.

Mrs. Como also suffered from diabetes, an ailment which resulted in the amputation of one of her legs in 1959.

Como had talked to his mother almost daily by telephone since she suffered the heart attack, according to Mrs. Jakubetz.

Besides Perry and Mrs. Jakubetz, Mrs. Como is survived by six other children, 27 grandchildren and 17 great-grandchildren.

ELKS CONVENE HERE SEPT. 8-10

The Pennsylvania State Elks Association will hold a "fall workshop" at the local lodge September 8, 9, 10. It was announced today by William C. Kuhn, a past exalted ruler. It will be the first such event and will continue annually at various lodges.

H. Earl Pitzer, Aspers, a past state president of the state association, and Exalted Ruler Donald Myers and Kuhn attended a recent meeting with Grand Secretary Lee Donaldson in Pittsburgh where arrangements for the workshop were completed. The local men also attended a banquet given for Grand Exalted Ruler John E. Fenton.

Exalter rulers and secretaries will be compelled to attend the affair and member Elks are invited to join in the discussions and the festivities. More than 400 are expected to attend the affair here next September.

On May 25 the local committee will confer again with Secretary Donaldson to complete arrangements. The workshop will be held in addition to the regular state convention of the Elks.

"What is the purpose of the dedication?" Dr. Biesmesderfer asked. "Primarily it is for attainment of intellectual competence and, second, it is for the development of responsible citizenship."

ACCEPT BUILDING

A third point he emphasized was the development of sound character in the students. "Intellectual competence without character is a menace."

The building was accepted by the architect: Warren Baugher, president of the school authority; Mr. Garber; Principal Selon F. Dockey, and Judy Hoffman, vice president of the student council.

These are the words of Henry D. Thoreau—the man who lived in the woods, talked with birds and animals, walked hours in the field, understood the language of the flowers, made his own bed, cooked his own food, read, thought, loved—and lived!
This same man once said that if you didn't read the best books first, you might not have a chance to read them at all!
No wonder there is not a line of unwholesomeness in all that Thoreau wrote. No wonder he is more widely read every day.
When we forget that we were ever boys, we are already old—both in heart and in body.
Enthusiasm is the star that guides us all as we seek to rule in the Empire of Growth. It leads us surely across the most difficult quagmires—with our souls wrapped within its arms, we can fail in nothing.
Enthusiasm can make us conquerors of anything and everything. For the strength back of enthusiasm is the strength of the giant.
Whoever heard of any enterprise winning without great enthusiasm?
"None are so old as those who have outlived enthusiasm." It's as though youth never left one—but just took the hand of age so it might not become lonely.
On arising in the morning, be glad! In beginning the work of the day, put your heart and soul into everything that you do. Honest effort is always paid for in full.
Be enthusiastic. Bubble all you can to underdo. It is far better than to underdo. It is far better to wear out than to rust out.

United Nations troops pulled back as much as 12 miles under the impact of a major Red offensive which raged along 100 miles of the Korean front today.

In other sectors the Allies stopped the Reds cold. Where the Allies with-drew it was in orderly fashion.

The Communists, with nearly 700,000 men facing the front, launched their attack at 7:30 Sunday night behind their heaviest artillery barrage of the war. Their assault eased in daylight Monday, but was renewed with fresh vigor Monday night.

The first air raid warning test recently worked well, Judge Sheely said, but not well enough. However, he praised the communications men for the speed with which signals were transmitted throughout the county on the initial workout and said that future tests should be better as "the kinks" are ironed out.

BODENBERG IS BENDERSVILLE PTA PRESIDENT

Fred Bodenberg Thursday night became president of the Bendersville Parent-Teacher Association for the 1961-62 school year.

As vice president during the current year, he automatically moved up to the presidency.

Other officers elected during the business session of the PTA Thursday night at the Bendersville Grade School were Gerald Wallen, vice president; Mrs. Ross Schwartz, secretary; and Lloyd Bream, treasurer.

Elected as delegates to the Adams County PTA Council were Mrs. Arthur Kuntz, Mrs. Justin Horick, Mrs. Cameron Garretson and Mrs. Joseph Bosak.

Rev. Norman Marden conducted the opening devotion. In brief remarks he said, "No one is more important than public school teachers. During the school year most of them spend more time with our children than we as parents do. With the emphasis on the child we are in the present day thinking being put on the job which pays the most money, I am concerned about the kind of teachers who will be teaching the children of tomorrow. I hope that the best of the present day students will be the teachers of tomorrow."

CIVIL WAR THEME

Entertainment was presented by Grade One, Two and Five. Parts of a program which were presented in the afternoon were given during the PTA meeting. Grades One and Two, taught by Mrs. Cameron Garretson, presented a playlet "The Unhappy Prince."

They also sang a group of songs accompanied by Mrs. Clarence Seaman.

The Fifth Grade band of eight members played "Faith of Our Fathers" and "Marines Hymn."

Others members of Grade Five, teacher Mrs. Ross Schwartz, presented two songs in commemoration of the Civil War Centennial. The Fifth Grade girls sang "When Johnny Comes Marching Home."

Diane Osborn gave Lincoln's Gettysburg Address. An original play, "Adams County Goes Off To War," was enacted by the students.

Mrs. Garretson's room won the honor of having the most parents present.

CLEARED \$400

The retiring president, Dr. V. F. Group, had charge of the business session. Mrs. Arthur Kuntz, treasurer, announced a profit of \$400 from the recent PTA ham supper.

Mr. Group announced that the following committee has been named to head up the learn-to-swim program sponsored by the PTA: Mrs. Donald Weaver, Mrs. Glenn A. Heller and Mrs. Frank Scott. Three two-week periods of swimming are planned between June 19 and July 28. Instructors will be provided by the Red Cross.

Facilities of the Battlefield pool will be used. Each child participating must pay a registration fee of \$1. Cost of transportation and use of the pool will be paid by the PTA. Net cost to the PTA for the approximately 120 students participating will be about \$400.

TO HONOR TEACHERS

The PTA is sponsoring a "Teacher Recognition" dinner on May 10. Dr. Group announced that the turkey banquet will be served at the Lamp Post Tea Room, Gettysburg, at 6:30 o'clock. The committee in charge includes Mrs. Edward Singley, chairman, Mrs. Group and Charles E. Trump.

Another new project of the PTA will be a Parents' Night for mothers and fathers of children who will be entering First Grade next year. This will be held at the Bendersville school May 17. Contributions of \$25 to the Foreign Exchange Student fund of the Upper Adams School District and \$50 to the Little League baseball were voted.

Bible Conference At Centenary EUB

The spring Bible conference of Brethren Church, Biglerville, will be held Monday through Wednesday at 7:30 nightly. The speaker will be Rev. Anthony Cunio, pastor of Grace Baptist Church, Carlisle, and formerly a teacher at the Lancaster School of the Bible.

Rev. Cunio will speak on the general subject, "Thoughts and Themes From Hosea," with night topics as follows: Monday, "The Wickedness of the People"; Tuesday, "The Witness of the Prophet," and Wednesday, "The Ways of God." The public is invited to attend.

who served as program chairman during the current year, arranged for representatives of five youth-serving agencies to speak on "Your Child's Summer Vacation." Merl Eisenhart, Scoutmaster of Troop 75, spoke on Boy Scouting. Speaking for the Girl Scouts, Mrs. Jean Troop 31, stated that there are approximately 35 girls in the units in Bendersville, from Brownies through Senior Scouting.

Miss Helen Rex, local leader of 4-H groups, outlined activities of the agriculture and home economics 4-H groups for youth from 10 to 20 years of age. Boys age 9 to 12 can participate in Little League baseball and this program was outlined by Joseph Bosak, Wilson Wenk, principal of the Bendersville School, described the PTA-sponsored "learn to swim" project.

Mr. Bodenberg, moderator for the evening, summed up the presentations by saying that a child cannot take up everything and do a good job. Also, sometimes should be given to reading books, "just looking at the sky and dreaming awhile."

Roger Brough served as projectionist for the films which were shown to the children during the parents' meeting.

The hospitality committee headed by Mrs. John Baugher, served refreshments at the conclusion of the program.

Dr. Group announced that the Bendersville PTA will be host to the Adams County PTA Council banquet and workshop Friday at 6:30 at the Bendersville school.

Farm Agent Says Tractors Should Be 'Groomed Well'

By FRANK S. ZETTLE
Adams County Farm Agent

Whether idle or used during winter, tractors need to be checked carefully and put in condition for spring work.

Drain the crankcase and refill with fresh oil. Refer to the operator's manual for the correct oil to be used. Cold weather, with variation in temperature, causes condensation of moisture in the crankcase and the dilution of the crankcase oil with unburned fuel.

As soon as the freezing season is past, drain the antifreeze solution from the cooling system and clean out the sediment and rust with a chemical solvent or cleaner. Thoroughly flush the system with water. Check all hose and hose connections and replace as needed.

CLEAN OUT DUST

Clean all dust, chaff and leaves and other debris from the radiator core. Check the thermostat to see

that it is operating properly, but do not remove it during the summer months. Use only water for the summer coolant, together with a rust inhibitor to keep the tractor from over heating.

Ignition breaker points and condenser may need to be replaced, and spark plugs regapped to recommended spacings. If they are burned, replace with new plugs.

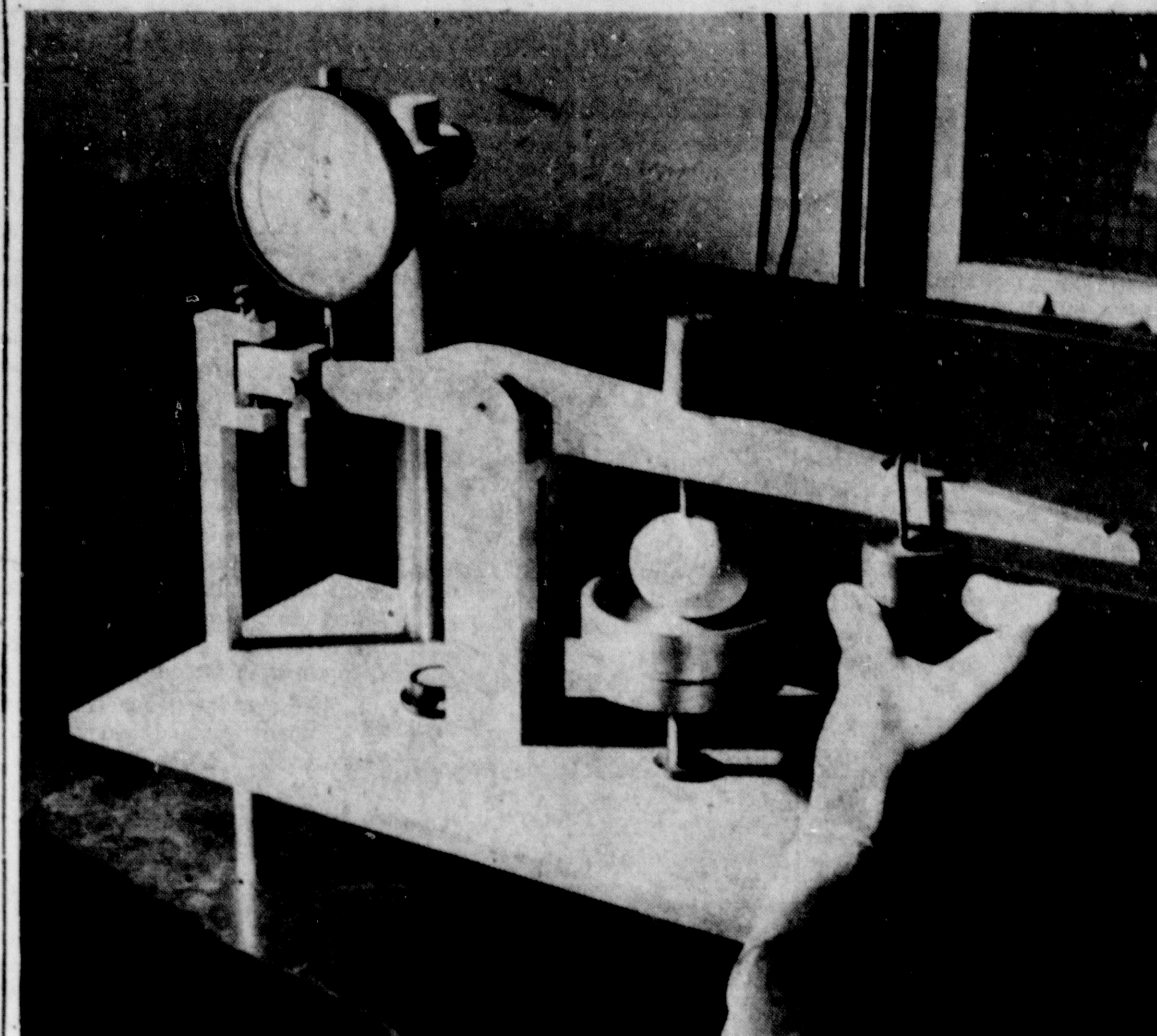

"Which strawberry variety should I plant this spring to have pleasant eating next year?" "Select early, mid-season and late varieties to have garden-fresh strawberries throughout June. Always plan an older, dependable variety along with a new one to give it a fair trial."

DEPENDABLE VARIETIES

Some dependable varieties, in order of ripening are: Earldawn, Stelemaster, Surecrop, Vermilion, Pocahontas, Catskill, Plentiful, Empire, Armore, Robinson and Sparkle. New varieties you may want to try are: Redglow, Midway, Jerseybelle and Frontenac.

Midway, a medium-early variety, ripens about two days after Premier. The berries are quite sweet, have good quality and freeze well. This variety is red

stale resistant.

Frontenac, a late variety, originated in New York. The first picking will come a day or two after Robinson begins. Fruits are fairly large, not so sweet as Robinson but freeze better. Frontenac's chief advantage is lateness, which lengthens the strawberry season.

GOOD FOR FREEZING

Redglow produces firm, bright, attractive fruits excellent for freezing. Picking usually begins with Premier. Plants are productive and fruits average larger and sweeter than Premier. Jerseybelle, a late-ripening variety, originated in New Jersey. Fruits are quite large, sweet, and dark red with prominent seeds. Picking usually begins a day or two after Robinson. Jerseybelle command good prices, but yields have not been high in Pennsylvania trial plantings.

Looking for a sure way to control quackgrass in corn? Well, look no more... just listen. Amitrol-T and aminotriazole, either one used separately will control a number of perennial weeds, including Canada thistle, poison ivy, cat-tails, milkweed, and quackgrass in corn.

GOOD CONTROL

Amitrol-T has given real good control of quackgrass as a combination treatment with atrazine and cultivation. Apply amitrol-T in the spring when the quackgrass is four to eight inches tall. Use it at the rate of two pounds per acre, 10 to 14 days before plowing. Then before the corn emerges apply two pounds of atrazine. This will control quackgrass, annual broadleaved weeds, and annual grasses. It is still necessary, however, to cultivate when the corn is four to six inches tall.

Be sure to follow the recommendations on the label for both amitrol-T and aminotriazole. These chemicals should not be used in pastures or on grain crops to be harvested for feed.

Amitrol-T is a liquid formulation of aminotriazole and am-

monium thiocyanate. Aminotriazole is in a powder form. Amitrol-T has been cleared by the Food and Drug Administration for the same uses as aminotriazole.

Breakage of eggs at the farm and during marketing costs Pennsylvania egg producers and marketing agencies approximately 2.5 million dollars annually.

To study this problem, Werner J. Mueller, of the Department of Poultry Husbandry at the Pennsylvania State University, is testing laying hens housed in three air conditioned rooms to control temperatures and humidity.

During the last two years, Dr. Mueller has found that hens kept at a constant temperature of 90 degrees Fahrenheit laid about 30 per cent few eggs, had 20 per cent more mortality, and laid eggs of lower weight and shell strength than hens kept at a constant temperature of 55 degrees F.

Where temperatures cycled from 55 degrees F to 90 degrees F within 24 hours, hens laid about 10 per cent more eggs than hens kept at a constant temperature of 55 degrees F. However, egg weight and shell strength were "somewhat depressed," Dr. Mueller points out.

"Our tests indicate that temperatures have no effect on albumen quality if eggs are gathered within an hour after being laid," he says. "Loss of albumen quality during summer is caused by the effect of high pen temperatures upon the egg between laying and gathering... plus the advanced age of the hen," he adds.

LITTLESTOWN — The members of the Starr Bible Class of St. Paul's Lutheran Church and their guests attended a covered dish supper in the church hall Thursday evening. Mrs. Luther D. monium thiocyanate. Aminotriazole is in a powder form. Amitrol-T has been cleared by the Food and Drug Administration for the same uses as aminotriazole.

A contribution of \$10 was voted to missions. The class will meet May 25 at the church, when the hostesses will be Mrs. Ralph DeHoff, Mrs. Minnie DeGroot and Mrs. Holman Sell.

Henry So, an Indonesian student at Western Maryland College, Westminster, and a convert to Christianity, will be the guest speaker at the meeting of the Women's Guild of Redeemer's United Church of Christ Monday at 7:30 p.m. in the church hall. Mrs. George I. Bemiller is the April program chairman, and the program theme will be "Heritage and Horizons in Home Missions." The Women's Guild of Christ United Church of Christ will be guests.

The Littlestown Homemakers will meet at 8 p.m. Monday at the home of Mrs. Irvin R. Kindig, near town. Mrs. Helen D. Tunison, home economics, will discuss "Time Talks."

Representatives of local organizations and persons interested in the progress of the Littlestown Community Center will meet Monday at the community building at 8 p.m. There will be a briefing session on launching the fund raising campaign for the

center. Approximately 100 persons attended the Ladies Night dinner of the Lions Clubs of Zone A Thursday evening in Duttler's Restaurant with the Littlestown Lions as hosts. Colonel Harold Dye, Washington, D. C., spoke on "You Can Deal With Communism."

At the board of directors meeting, the club voted \$20 to purchase a pair of glasses for a needy child. The next meeting will be held May 4 at 7 p.m. The program will be in charge of the sight and conservation committee, John H. Riley, chairman.

The final meeting of the school year was held by the Good Citizenship Club of St. Aloysius

Parochial School Friday afternoon. Carol Anzengruber, president, presided and thanked the members for the cooperation extended her during her term in office. Thomas Gingrow reported for the campus cleanup committee. It was decided that the funds remaining in the club treasury will be given to the seminary fund. The second issue of the SAS Gazette will be distributed next week.

Mr. William M. Lott's Bonnie Brae Orchards consist of 350 acres of apples, peaches and cherries. He has found Guthion superior to any

other insecticide he has ever used, and reports that the elimination of as many as two sprayings results in an appreciable savings in spray costs.

"Guthion requires fewer applications, gives us best and broadest protection we've ever had"

Says Mr. William M. Lott, owner of Bonnie Brae Orchards, Adams County, Pa.

"Fruit stays cleaner between sprays due to longer-lasting protection of Guthion."

"We have been using Guthion for the last two years as an all-purpose insecticide and we've found it superior to any other product we've employed," reports Mr. Lott. "Insecticides used before switching to Guthion were effective on perhaps one or two pests, but Guthion covers a much wider range. We have found very few fruit pest problems that it won't solve. In the case of our peach crop, we had been bothered by the red mite, a particularly destructive pest. But since we began using Guthion we have been free of mites on peaches, too."

Guthion saves money, too. "The use of Guthion has meant a considerable savings to us in dollars and cents," Mr. Lott says. "It has eliminated as many as two sprayings during the growing season on all of our fruit crops."

"We have been able to reduce our applications to about six a season, and we find that our fruit remains clean between sprays because of the tendency of Guthion to 'stay

on the job' for a longer period. We used to spray every 10 to 12 days, but with Guthion, we now spray every 16 days—a big advantage to the grower in the busy season. Guthion gives a fruit grower real peace of mind because he knows it's doing the job."

Improved quality noted

"We have found that the quality of our fruit has been definitely up-graded," Mr. Lott reports. "In our marketed fresh fruit, we credit Guthion with producing an improved top fruit finish. We get convincing evidence of effectiveness of our Guthion spray program in the increased yield of No. 1 fruit and the consequent increase in our dollar return."

"In a good year a grower of our size has

from \$15,000 to \$20,000 invested in his spray program. And it follows that he is anxious for an increased yield to result, Guthion has certainly done that job for us."

Higher profits from Guthion

Here's why Guthion means more fruit profits for you. It is the only single insecticide that controls all major fruit pests, all season long. Guthion alone equals or surpasses the control of any complicated combination of chemicals.

Guthion lasts longer, too... eliminates worry about special insect build-ups, specific spray timing, and even eliminates between cover sprays. To reduce your spray costs and get better insect control this season, use Guthion. It works!

TANEYTOWN — Members of Company K, 1st Pennsylvania Reserves, a Gettysburg North-South Skirmish Association unit, took part in a program on the Civil War entitled "An Irrepressible Conflict" presented at a meeting of the Taneytown Kiwanis Club at the Taney Inn.

Appearing at the meeting in authentic Civil War garb and equipment were Lawrence T. Crouse, commander of Company K, Donald Steiner and Russell Norgren.

George W. Crouse was in charge of the program marking the 100th anniversary of the firing on Fort Sumter and showed more than 90 colored slides of historic sites, battlefields, historic homes and other places of interest.

Details of the planned participation of Company K in various centennial events including the one in Gettysburg today were outlined to the Kiwanians.

George Crouse told the Kiwanians much of his talk was prepared from the series of three publications of the "Ford Times" devoted to the Civil War.

Jeanne Myers, a student at Taneytown High School, won first prize in a spelling contest at the recent state convention of the Future Business Leaders of America held at the University of Maryland, College Park. She outspelled 31 other contestants.

Martha Garrett and George Rue, also members of the chapter, placed in contests. Rue placed second in the Mr. F. B. L. A. contest while Mary Ellen Stoner placed first in the public speaking contests.

The first place winners are eligible to participate in the national convention at the Mayflower Hotel, Washington, June 11-13.

Buying a USED CAR?

Timely Tips That Can Help Protect Your Investment!

1. Choose your dealer carefully.
2. Buy only from a well established reputable dealer.
3. Buy only from a dealer who maintains his own adequate facilities to service the car you buy.
4. Insist on a WARRANTY in writing that can be "backed up."
5. BUYING from a NEW CAR DEALER IS YOUR BEST BET. . . . Most new car dealers sell locally owned trade-ins, not Used Cars obtained from Auto Auctions or distress merchandise from large cities.
6. Insist on knowing where the Used Car came from. "Ask who was the previous owner." Most new car dealers will be happy to tell you and invite you to contact the previous owner.
7. New Cars bought from Used Car Dealers . . . REMEMBER, only the New Car Dealer is authorized to extend a FACTORY WARRANTY to a buyer, NO ONE ELSE.

Boris Karloff: Host Of "Thrillers"

By PAUL GERARD

"I promise you, this is a 'thriller,' as sure as my name is Boris Karloff." These are the opening remarks made by Boris Karloff for the successful "thriller" series of full-hour classic and original mystery dramas on NBC-TV, Tuesdays (9-10 p.m., EST).

What an introduction to any mystery show! The image and voice of the great Karloff sums up in the viewer's mind all the

tender hands of the same "Frankenstein" monster. It was at this point that he changed his name to Boris Karloff, the latter being his mother's maiden name.

Find Him Fishing

WOULD you be surprised if, after searching high and wide through the moors and castles of

Frankenstein and other horror pictures, his film credits include such hits as "The Climax," "Bedlam" and "Tap Roots." On Broadway, he has starred in "Arsenic and Old Lace," "Who Sings With the Devil?" "The Lark" and "Peter Pan." He broke into television in

Ellen Grimm from "The Thrillers" episode "The Cheaters"

mystery and foreboding of life. A better choice to host this series could not have been made. Although his talents go far beyond, Boris Karloff is best known for his portrayals of the monster in the "Frankenstein" movies. In fact, the names of Karloff and "Frankenstein" are synonymous to the greatest thriller of all time.

Rose To Fame

AFTER "Frankenstein," Boris rose to international fame for his portrayal of more than 80 mystery and horror roles in motion pictures. Karloff is making the "Thriller" series at the same studio which some 30 years ago produced the first "Frankenstein" movie.

Strangely enough, Boris Karloff on the screen is a vivid contrast to Boris Karloff in real life. The man who gained fame as Frankenstein's well-known monster has been described as "one of the gentlest men in the world."

Imagine sending your children to a lecture on botany and biology given by of all people—Boris Karloff. Then after viewing the most extensive and beautiful flower gardens in England, imagine your surprise when informed that they were planted and cultured by the

Scotland, you find Karloff fishing on the bank of a Scotland loch?

Can this be the same Karloff of Frankenstein? This is more the epitome of an English gentleman.

In private life, Boris Karloff is the epitome of the English gentleman. He was born in Dulwich, England on March 23, 1887. He was the youngest of a civil servant's nine children.

While appearing in a play at the age of 10 in a Midlands boarding school, the lad decided then and there that acting was his cup of tea.

"However, my older brothers saw which way the wind was blowing and put their collective feet down," Karloff explains. "They sent me to King's College to prepare for service in the foreign office — and decreed, 'No more plays.' But, I had other plans."

Leaves College

HE left King's College abruptly in 1909, sailing for Canada where he worked as a logger in Kamloops, British Columbia. After some Canadian stock experience, he "crashed" Hollywood as an extra in his first movie. At Universal Studios, in 1931, he landed a big break as the Frank-

enstein monster. It was at this point that he changed his name to Boris Karloff, the latter being his mother's maiden name. Karloff has made guest appearances in many major TV anthology and variety shows.

Starring Role

KARLOFF'S most recent NBC-TV credits have been a starring role as Father Knickerbocker in "The Shirley Temple Storybook" dramatization of "The Legend of Sleepy Hollow," and as host and "conferencier" of the Robert Saudek production of "Hollywood Sings."

Mr. and Mrs. Karloff—she's the former Evelyn Hope—make their permanent home at Cadogan Square, England, and maintain "secondary" residences in New York and Hollywood.

Ralph Taeger, star of the new adventure series, "Acapulco" remarks that if Krushchev goes to Cuba and poses for a picture with Castro it'll look like one of those before and after hair tonic ads.

Henry Morgan of "I've Got A Secret" says kindness is one language the mute can speak and the deaf hear.

POLLY BERGEN WAS REALLY IN THE SOUP, SOUP, SOUP

Soup for breakfast. Soup for lunch. Soup for dinner. That was the meager fare on which Polly Bergen, now one of the most financially secure performers, once had to live.

Polly, currently on leave from her panel job on "To Tell the Truth" while she works in a new film in Hollywood, remembers that diet well.

"That was during a period in California shortly after I started singing with bands," says Polly. "At that time television was really in its infancy. Most of the TV shows paid you in products rather than in money. That's how I ended up with so much soup and no dough. The only shows I could get on were sponsored by a soup company. Even then, I guess I was fortunate. I had a friend who was on shows sponsored by a diet pill!"
